

21st Century Rehab, PC Celebrates 15 Year Anniversary!

On June 25th, 2010, 21st Century Rehab, PC will celebrate its 15th anniversary of providing services to the citizens of central Iowa. We would like to take this opportunity to thank our patients for their support and confidence in our organization. We also would like to recognize our most valuable asset, the employees of 21st Century Rehab, PC. Their commitment and dedication have allowed us to be the premier provider of rehab services in our communities. 21st Century Rehab, PC is a professional corporation locally owned by physical therapists and was founded by Steven S. Cassabaum, DPT. 21st Century Rehab, PC takes pride in the communities we serve. We are active participants in the life of our community, trying to make each a better place to live and work. We understand that our obligations extend beyond the walls of our clinics. We believe in giving back as a way to strengthen individuals and the communities where we live and work. We give back to our communities by supporting a wide variety of charitable organizations and events, with an emphasis on those that are most important to our employees. We feel blessed to have touched and be touched by so many wonderful people during the past 15 years and look forward to many more years of service to our patients and the communities where we live and work!
